

Thank you for
being you

We love how excited
you get when you
learn something
new

We can't wait
to play with
you

We love your
beautiful
laugh

We love how
many new
words you are
learning to use

You always
know how to
make us smile

We love
watching
you grow

We love you
no matter
what
happens

You are perfect
just the way
you are

We are so
lucky to be
your parents

We love how
well you play
with your
friends

We love you to
the moon and
back

You are
so
creative

You are capable of
anything you put
your mind to

We love how
focused you are
when you learn
something new

We love
that you
are kind

My day shines
brighter with you
in it

Thank you for
cleaning up after
yourself

You know how
to make us
smile

You amaze
me
everyday

You can do
hard things

You are
strong

You are so
brave

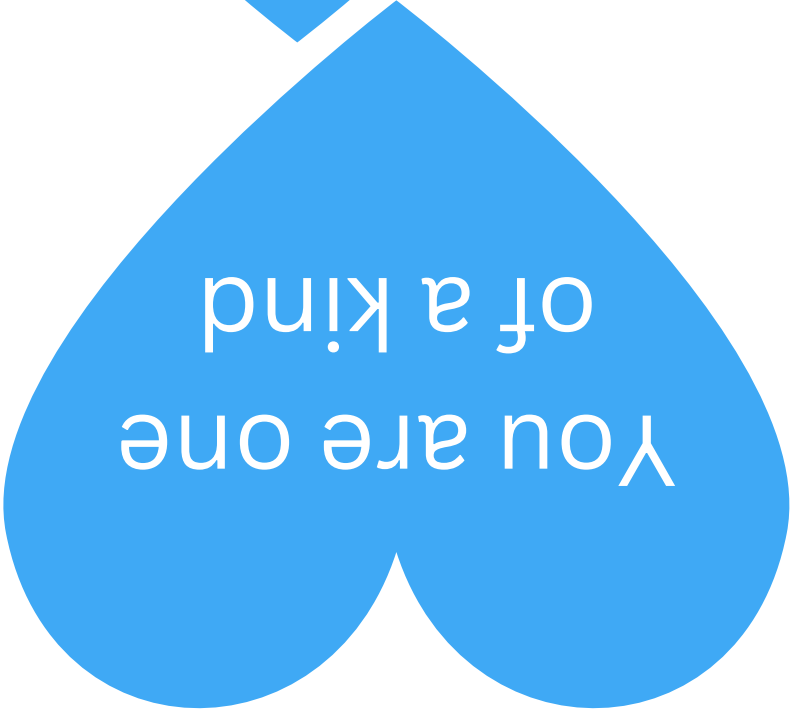

We love your
passion for
learning

You are a
great helper

We love that
you try new
things

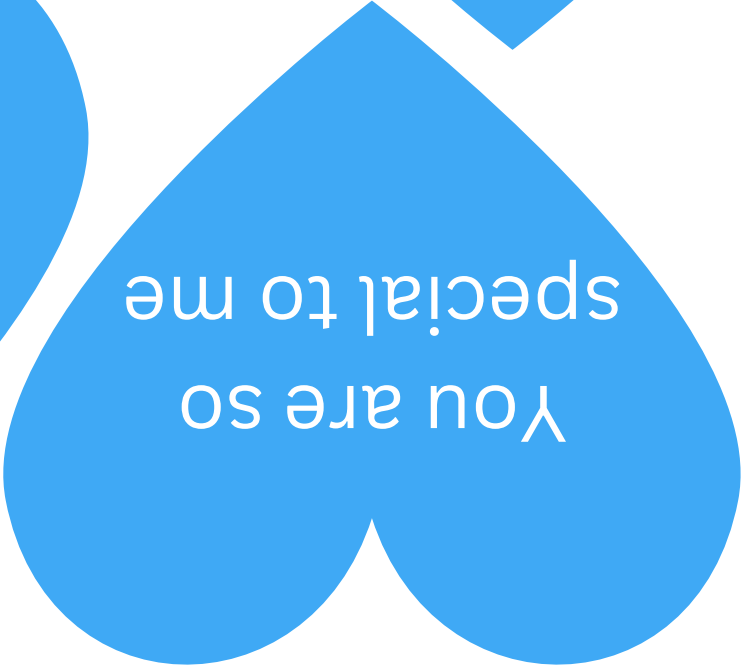

You are one
of a kind

You give the
best hugs

We love how
confident you
are

You are so
special to me

We trust
you

You make our
hearts happy

We are
proud of
you

We believe
in you

We love your
passion for
learning

We love
seeing you
smile

You bring
smiles to
everyone

We love
spending time
with you

You come up
with the best
ideas

It is so much
fun to be
around you

We are so lucky
to have you in
our lives

Your laughter is
contagious
